The OneAmerica app is designed to enable you to complete the account management activities that are most important to you.

- Use biometrics to register, authenticate and log-in to your account
- Enroll in your retirement plan
- View your account balance
- View and make changes to your contribution amount
- View and make changes to your investment allocations, including the ability to schedule automatic rebalancing

App details

The OneAmerica app is configured for iPhones, iPads, Android devices and tablets. The app is available for download from the Apple Store or Google Play. Scan one of the following QR codes to go directly to our app in your device's app store.

Available now on the App Store and Google Play for phones and tablets.

Along with the mobile app, you will still have access to the mobile-responsive website to complete account management activities and transactions.

In addition to providing convenient account access, OneAmerica remains committed to protecting your account. From time to time, you may be asked to update your user profile to ensure credentials, passwords and security information continue to meet cybersecurity standards.

Customer protection promise

OneAmerica recognizes that account privacy and security are a shared responsibility, which is why the OneAmerica Customer Protection Promise is available to retirement services participants using the mobile app and website. Our Customer Protection Promise states that if fraud or unauthorized activity occurs through no fault of your own, OneAmerica will reimburse your retirement account for any losses incurred.
